Consent form for participation in the research project

Using Explainable Machine Learning to Analyse Expert Guided Automatic Triage Systems

Please complete the form below by ticking the relevant boxes and signing on the line below. A copy of the completed form will be given to you for your own record.

I confirm that I am 18 years of age or over.

I confirm that the research project has been explained to me. I have had the opportunity to ask questions about the project and have had these answered satisfactorily.
I had enough time to consider whether to participate.

I consent to the material I contribute being used to generate insights for the research project: "Using Explainable Machine Learning to Analyse Expert Guided Automatic Triage Systems*."*

I understand that my participation in this research is voluntary and that I may withdraw from the study at any time without providing a reason, and that if I withdraw any personal data already collected from me will be erased.

I consent to allow the de-identified data to be used in future publications and other scholarly means of disseminating the findings from the research project.

I agree to take part in the above research project on Using Explainable Machine Learning to Analyse Expert Guided Automatic Triage Systems.
